Dear Supplier

Subject: Constitution of the Enel VAT Group with effect from 1 January 2021

Enel joined the new optional tax regime of the VAT Group (Article 70 of DPR No. 633 del 1972). With this regime, a single and autonomous VAT taxable entity is established with a single Community VAT number (CEE) for all the member Companies (**IT15844561009**) to replace the individual VAT numbers of the same.

The constitution of the Enel VAT Group takes effect from January 1, 2021 and the list of all Enel Companies belonging to the VAT Group (see Annex 1) with the related company names to be indicated on the invoice is available at the following link: <https://globalprocurement.enel.com/content/dam/enel-common/updated-files/gp/ElencolvaDiGruppoENEL.xls>

Based on the above, we invite you to update the customer database in your systems.

Invoices issued from January 1, 2021, **relating to intra-community commercial transactions**, which do not report the Community VAT number of the Enel Group (ENEL VAT GROUP) will not be accepted.

We take the opportunity to point out that any invoice issued to you by the individual companies belonging to the Enel VAT Group dated from January 1, 2021 will report the Company name of the single Enel company, the Vat number of the Enel Group and tax code of the individual transferring company.

Yours sincerely.

Sergio Cardona
