

Energy Policy

3Sun S.r.l. recognizes the strategic importance of efficient energy management as a key factor for environmental sustainability, competitiveness, and social responsibility.

This Energy Policy defines the organization's principles and commitments toward the continuous improvement of its energy performance, in accordance with the UNI CEI EN ISO 50001:2018 standard.

This Policy applies to all activities, processes, plants, facilities, and personnel falling within the scope of the Energy Management System (EnMS).

3Sun S.r.l. is committed to:

- Continually improving its **energy performance** and the effectiveness of the of the Energy Management System (EnMS);
- Ensuring compliance with all applicable legal and other requirements related to energy use, consumption, and efficiency;
- Promoting the **rational and efficient use of energy** by reducing waste and optimizing consumption;
- Ensuring **availability of resources** by enhancing the company's collective experience and know-how through staff **training** and information **sharing**;
- **Defining strategic energy objectives** and monitoring them periodically to foster continuous improvement, ensuring the necessary resources and information are available to achieve them;
- Integrating energy management principles into the **planning and design** of plants, processes, products, and services;
- Promoting the procurement of **energy-efficient products, services, and energy sources** that positively contribute to energy performance;
- Raising awareness, providing training, and engaging all personnel and stakeholders in fostering a culture of energy efficiency;
- Periodically evaluating and improving the EnMS through **internal audits** and management reviews.

This Policy shall be:

- Maintained as documented information;
- Promoted and disseminated to all interested parties;
- Made available to all interested parties.

The effectiveness and implementation of this Policy will be periodically reviewed in order to ensure that it corresponds to the strategy of 3Sun S.r.l. and is appropriate to the contexts in which it operates.
